Value Proposition Canvas

School:	Team:	Date:	Version:
Davao Central College	Mark Raven S. Gatela	04-3-2026	2

Product

Benefits

- Faster emergency response during danger
- Real-time location shared with trusted contacts
- Awareness of nearby safe places & help centers
- Greater sense of security when traveling alone

Experience

- Peace of mind when commuting or going out
- Discreet and quick to activate in emergencies
- Feeling supported by a community safety network
- Empowering — designed specifically for women

Features

- One-tap SOS emergency alert button
- Real-time GPS location sharing
- Fake call feature to escape uncomfortable situations
- Nearby police station & hospital locator
- Community safety reporting system
- Safety tips and legal awareness content

Customer

Wants

- Quick way to call for help discreetly
- Trusted contacts to know their location
- Knowledge of safe routes and areas
- A tool that is easy to use under stress

Fears

- Being harassed or followed when alone
- No one will respond in time during an emergency
- App is too slow or complicated to use in danger
- Privacy concerns with location tracking

Needs

- Clear guidance on waste segregation
- Motivation to recycle consistently
- Access to nearby recycling drop-off points
- A platform that makes recycling engaging
- Tangible rewards (points, vouchers, etc.)
- Social or community recycling participation

Product

- SafeHer mobile application
- GPS tracking & location sharing system
- Emergency notification engine
- Community reporting database

Ideal Customer

- Women aged 15–45 (students, employees, commuters)
- Women who frequently travel or commute alone
- Parents concerned about their daughters' safety
- Schools & orgs supporting women's safety

Substitutes

- Noonlight (no community reporting or prevention)
- bSafe (lacks legal awareness & safety tips)
- Life360 (family-focused, not women-centered)
- Emergency hotlines (slow, not always accessible)
